The Chamber and Regional Office of Education recognize the value of the business community partnering with the education community. At our Annual Awards Dinner, we will be recognizing not only our excellence in business awards from years previous, but we will also be recognizing a business that is actively involved in the educational efforts, creates an impact on partnerships that enhances growth, and provides innovative and/or unique pioneering collaboration with the education community.

The partnering of businesses with the area school districts helps to ensure the professional development of today's students and tomorrow's business leaders and deserves to be recognized!
